Nodemon

The screenshot shows the Visual Studio Code interface with a dark theme. The Explorer sidebar on the left shows a project structure under '01-Hola-Mundo' with files: app.js, app2.js, app3.js, entorno.js, and monohilo.js. The main editor displays 'monohilo.js' with the following code:

```
01-Hola-Mundo > JS monohilo.js > setInterval() callback
1
2 console.log('Hola a toda la cohorte 2022');
3
4 var i = 0;
5 setInterval(function() {
6     console.log(i);
7     i++;
8     // if(i == 5){
9     //     console.log('Forzamos un error');
10    //     var a = 3 + z;
11    // }
12 }, 1000);
13 console.log('Ultima instruccion');
```

The bottom panel shows the TERMINAL output:

```
